Information Systems undergraduate at Universitas Bina Nusantara (expected graduation 2027) with hands-on skills in data visualization, SQL, and AI-driven analytics. Currently taking part in the IBM Hackathon and a Udemmy Data Analytics Camp, and active in student organization and community outreach work.

EDUCATION

Bachelor of Information Systems
Universitas Bina Nusantara

Expected 2027

ORGANIZATIONAL EXPERIENCE

Active Staff, Support Division

HIMSISFO (Himpunan Mahasiswa Sistem Informasi), Universitas Bina Nusantara

- Created visitor attendance links and managed attendee check-in for **LDKKA** (Leadership and Discipline Basic Training for Activists).
- Supported the organization's anniversary event (**BPAR**) with the same attendance system.
- Collaborated with the Logistics (Perkap) division by helping list and track items required for each event.

VOLUNTEER EXPERIENCE

Community Outreach

Semarang, Indonesia

- **Tanah Putih Orphanage** (Candisari): Taught children for one month. [Map](#)
- **Rumah Tahfiz Salsabil Orphanage**: Took part in a basic-needs (sembako) distribution. [Map](#)
- **TK Wesley Kindergarten** (North Semarang): Joined a teaching visit. [Map](#)

CURRENT ACTIVITIES

- Participating in the IBM Hackathon, building AI-driven data intelligence solutions and intelligent agent workflows.
- Enrolled in the Udemmy Data Analytics Camp, sharpening skills in advanced Power BI, Tableau, and complex SQL data modeling.

PROJECTS

- **Spotify Songlist (1920–2020)**: Data visualization dashboard built in Tableau. [Link](#)
- **Tokopedia Project**: Project documentation. [Link](#)
- **Starwave**: Design project created in Figma. [Link](#)
- **Enther**: Design project created in Figma. [Link](#)

SKILLS

- **Data Visualization & BI**: Power BI, Tableau, Google Looker Studio
- **Databases**: Oracle, SQL
- **Productivity**: Microsoft Excel, Google Workspace
- **AI Tools**: IBM Bob, Langflow

CERTIFICATIONS

- **AI-Agent for Data Analysis**, Hacktiv8 [Certificate](#) | [Transcript](#)
- **Bootcamp Data Analytics**, Hacktiv8
- **Oracle Cloud Infrastructure (OCI)**, Oracle
- **Belajar Dasar Cloud dan Gen AI di AWS**, Dicoding [Link](#)
- **Spec-Driven Development dengan Kiro**, Dicoding [Link](#)
- **Introduction to Financial Literacy**, Dicoding [Link](#)
